

Guidelines for PhD candidates

- You can send your internship offer directly to the BSN Team (bari@daad.de).
- The website will be updated on a weekly basis with available internship positions.
- Students can directly contact you and send their application. The application (1 document) contains: cover letter, addressed to the internship provider; full curriculum vitae; official university transcript; certificate of enrolment, contact person for academic references.
- You are free to choose and select the candidate by yourself and agree on a date, length, and conditions of the internship with the student.
- All communication will be solely between you and the candidates.
- No funding is currently provided. Students can apply for funding at their national funding agencies.
- Please note that Covid and visa regulations must be considered when arranging an internship with the selected student.
- To increase the number of applicants, we would be very grateful if you could promote the offer among your contacts, personal networks, and institution.
